TECHNOLOGY
CENTER

WHAT WE BELIEVE.

Michigan Manufacturing. It's what drives us. It's why we exist. To make manufacturers better, to show them how to grow, adapt, and add jobs here. We assist by showing best practices. By finding efficiencies. By connecting manufacturers with partners. By coaching. By leading. And by doing the little things that add up to greatness. Our team delivers by lowering costs, reducing waste, and more. Manufacture more efficiently. Manufacture more competitively. Manufacture smarter.

WHAT WE DO.

GROWTH

Strategy to improve business. Marketing that attracts customers.

OPERATIONAL EXCELLENCE

Proven solutions. Achieve greater success. Resolve issues. Quality, Lean, Assessments.

CYBERSECURITY

Information security assessment. Regulatory compliance.

LEADERSHIP DEVELOPMENT

Hands-on learning. Thorough business analysis. Management training.

SKILL DEVELOPMENT

Advance faster. Six Sigma, QMS, supply chain, sales, blueprint reading.

ACCELERATING TECHNOLOGY / INDUSTRY 4.0

Advanced tools to gain insights. Make effective strategic decisions.

RESEARCH SERVICES

Get answers. Explore facts. Find the information. Qualitative and quantitative.

FOOD PROCESSING

Improve efficiencies. Diminish waste. Process standardization and prevention-based controls.
