

DON'T MISS BUSINESS

OPPORTUNITIES. JOIN THE U.S.

SUPPLIER SOURCING CHALLENGE!

PRIMES & OEMs NEED SUPPLIERS LIKE YOU!
CONNEX™ is an online platform that connects all U.S. manufacturers and suppliers into a searchable supply chain database. Join now and get a free, 30-day subscription* to view and respond to their needs.

In celebration of U.S. Manufacturing Day, CONNEX™ Marketplace is offering a promotional challenge to manufacturers nationwide to enter their hard-to find supplier needs in CONNEX™. Since you may be a qualified supplier, we are offering a free, 30-day subscription* to view and respond to those new opportunities!

HOW IT WORKS

1. To get your first 30 days free!*, register or upgrade your existing account in CONNEX™ Michigan and use promo code: **manufacturingmonth22**
2. Complete your company profile so buyers can easily find you based on your capabilities
3. Browse the CONNEX™ Exchange Center and find RFQs/RFIs/RFPs that you are most qualified for
4. Respond to posted needs and compete for new business opportunities

New suppliers must join by October 31, 2022. For more information or to sign up, visit: www.The-Center.org/CONNEX

** "Free Subscription" means free national access to the entire CONNEX™ database (local and national manufacturers and suppliers) during the promotional period for the first 30 days. When the promotion ends, you will continue to have unlimited, sponsored access to the state-only version of CONNEX™ Michigan. At that time, you can choose whether or not to extend your subscription to CONNEX™ Marketplace (fee will apply).*
