

YOUR HEALTH & SAFETY ARE OUR TOP PRIORITY

The Michigan Manufacturing Technology Center (The Center) has been closely monitoring the COVID-19 situation to prepare and implement necessary changes and ensure our clients' and employees' safety. We are committed to making all who enter our building feel confident that they are in a safe environment. Newly implemented processes for our guests include:

DISINFECTING/CLEANING PROTOCOLS

The Center is committed to strict proactive and reactive sanitation and disinfection practices. Our facility has been professionally cleaned with a fogging decontamination service, disinfecting all areas including objects, walls, floors and ceilings, as well as an antimicrobial application. Applications will be repeated every 90 days, or as necessary. High contact points, such as door handles, desks, chairs, faucets, etc., will be cleaned throughout the day. Portable disinfection stations have been set up in select locations and a 30-day minimum of disinfectant supplies has been secured.

PERSONAL PROTECTIVE EQUIPMENT

Upon entry, guests will receive a face mask and gloves. Face masks must be worn at all times by everyone in the building. Employees and visitors must wear gloves when in high-touch areas. Prior to entering a restroom a face mask must be worn and hands are required to be washed with soap and water prior to exiting. At all times, The Center has a 30-day supply of PPE. Great emphasis is placed on frequent handwashing.

ENTRY/EXIT & HEALTH SCREENINGS

To ensure the health of all who are in the building, guests must now only enter The Center through the front entrance. Every individual will have their temperature taken (must be at or below 100.4°F) by a contactless thermometer and must pass a quick health screening questionnaire for allowed entry. Designated exit doors have been identified to control traffic flow and reduce pre-screening exposure.

REDUCED MEETING & CLASS SIZES

The Center has reduced class occupancy by nearly 50% to accommodate for six feet distance between individuals. For those attending meetings at The Center, dedicated rooms have been identified for use which will have common surfaces disinfected between meetings. Private meetings will be limited to no more than 10 people.

EMPLOYEE HEALTH CHECKS

To ensure the health of staff and all who enter the building, employees must pass daily health and temperature screenings prior to entering the building.

SOCIAL DISTANCING

The Center is committed to maintaining safe social distancing protocols (no handshakes or embraces, keeping six feet distance when interacting, etc). Social distancing signage throughout the building should be adhered to.

FOOD & BEVERAGE

For the safety of all guests, pre-packaged meals will be served for classes which include a lunch option. Designated protocols should be followed regarding beverages.
