BUSINESS DEVELOPMENT

Sales Acceleration

March 29-30, 2023 | \$799

Hoping to take your sales strategies to the next level? This course, tailored towards salespeople in the manufacturing industry, offers a comprehensive analysis of your company's sales strategies and walks you through how to better understand the current market and how effectively your company is competing within it.

LEADERSHIP / CULTURE

Supervisor Skills

December 6-7 & 13-14, 2022 | \$975 | CEUs: 2.8
February 2-3 & 9-10, 2023 | \$975 | CEUs: 2.8

Do you have an employee with leadership potential or a newly promoted supervisor or foreman and want to give them practical and effective management training? This is the class you need. Get equipped with the knowledge and skills to thrive in today's management environment.

Supervisor Skills 2.0-Sustained Leadership Program

February 21-23, 2023 | \$975 | CEUs: 1.5

Good leadership is not just characterized by the ability to motivate a group toward a common goal—it's the ability to cross over from being someone employees must follow to someone they want to follow. This course further equips participants with the skills needed to become effective leaders. Topics covered include power of influence, crucial accountability, social styles and learning styles. *Prerequisite: The Center's Supervisor Skills (CEU Credits: 2.8) course.*

LEAN PRINCIPLES & TECHNIQUES

5S/Visual Management

April 18, 2023 | \$295

Over time, most workplaces become cluttered with outdated information and materials kept "just in case it's needed." This course will provide the tools needed to clear the clutter and create a world-class visual workplace where there is a place for everything. Learn how to successfully transform a factory into a well-organized operation where many messages concerning product quality, productivity, schedule and safety are accurately delivered every day.

Standard Work

April 19, 2023 | \$495

A key ingredient in the creation of a Lean enterprise, Standard Work is a set of procedures for each operational process that documents the most effective, balanced combination of people, machines, materials and space to meet customer demand. Standard Work begins as an improvement baseline, but as it is used to improve, it further evolves into a reliable method.

THE CENTER

QUALITY MANAGEMENT

8D Problem Solving

March 14, 2023 | \$395 | CEUs: .7

Root cause analysis and problem-solving tools are presented and demonstrated in this session. Both internal and external problems are introduced.

Blueprint Reading

April 11, 2023 | \$395 | CEUs: .7

Interpreting a technical drawing is an essential skill for anyone involved in the manufacturing industry. This course is designed for those who need an introduction to drawing interpretation.

Core Tools: APQP, PPAP & FMEA

March 21-22, 2023 | \$795 | CEUs: 1.4

This course blends APQP, PPAP and FMEA and guides participants through the launch process. The correct deployment of these core tools leads to continuous improvement, defect prevention and reduction in variation and waste.

Core Tools: Measurement Systems Analysis (MSA)

April 5, 2023 | \$395 | CEUs: .7

MSA examines the sources of variation in the measurement process as well as information about measurement characteristics based on accuracy, precision and stability.

Core Tools: Statistical Process Control (SPC)

April 6, 2023 | \$395 | CEUs: .7

SPC is a quality control method which uses statistical methods to monitor and control a process and reduce variation. Interpretations of results and capability exercises are addressed.

GD&T Fundamentals

April 12, 2023 | \$445

This course will quickly acquaint you with ISO 14001:2015 standards and requirements, and help your company prepare for certification.

ISO 9001:2015 Internal Auditor

March 7-9, 2023 | \$995 | CEUs: 2.1

Learn the information necessary for conducting internal quality audits. Emphasis is placed on effective auditing processes, skills and techniques. Participants will be instructed in developing an audit plan and the audit report required for management review. Corrective and preventive action will be reviewed, as well as the 2015 standards and requirements.

ISO 14001:2015 Internal Auditor

April 25-26, 2023 | \$795 | CEUs: 1.4

This course will quickly acquaint you with ISO 14001:2015 standards and requirements, and help your company prepare for certification.
